

Michael Breneman Wirthlin

August 12, 1969 ~ September 2, 2025

I just happened to see Michael passed away. He and I were mission companions in the Zurich Switzerland German speaking mission. We spent the last portion of our mission in Germany serving together. Met his parents in our then Zurich Switzerland mission home, when I believe we were both finished with our time there. Sorry to hear he had passed away so young. He was so health oriented, when I knew him. He always was looking at ingredients to ensure they were healthy etc... Glad to hear a little bit about his life of compassion for arts and remodeling! Deepest condolences from "Elder Westlind" and in his case "Elder Wirthlin" is how we knew each other back then.

- William Westlind
