

Michael Edward Vuich

January 11, 1955 ~ September 23, 2025

I’m so sorry to hear about Mike. Unfortunately I know a little what you are going through, my thoughts and prayers are with you and the family. He will be missed!

- Vianne

I am sorry to hear of your loss. Mike will be well remembered for his thoughtfullness and investment in others. He used to call me Young Mr. Tippets in our work place. His example he set has influenced and helped me through many different parts of of my journey of life. I am gratefull for the freindship we shared. I wish the best for you all! Our prayers go out to your family!

- David T

I am so, so, so sorry to hear this news. Mike and I worked at FLSmidth from 2013 to 2016. I wound up reconnecting with him at a bid walk in Wyoming in July of 2023, and then again in October of 2024 riding TRAX to UHC's first ever hockey game against his beloved Chicago Black Hawks. He told me at that time about his battle with cancer. I've kept him in my prayers since then. I wrote his name on the card for the 'Hockey Fights Cancer' night at the UHC game last season. I was hoping that he had battled cancer to a standstill and when I Googled his name just now, I was hoping again that I would not find an obituary. Late last year my wife and I asked our parish to have a mass said for his intentions this year ... and they scheduled it for September 22! I trust that this was more than just a coincidence, and that God was showing His merciful face to Mike in His inscrutable way. I respected him as an engineer and enjoyed my many conversations with him even more. I will miss him. My sincere condolences to his family. Requiescat in Pace, my friend.
