Michael J Jensen

November 13, 1947 ~ February 1, 2024

Mike was such a good and kind man. Always gracious, friendly, and helpful to us. Lyn is an angel. Our hearts are full and our memories sweet. We will miss Mike and all the good things he stood for. Our prayers are ascending for Lyn and the family.

- Larry and Jie Richards

I attended high school with Mike. We ran together in a small tight group of other close friends from Highland High. We all graduated together and joined the Air National Guard together. Mike was a great friend and will be truly missed. Mike had a great sense of humor and quick wit to go along with his sharp mind. I will really miss him at our lunch sessions and in my life. My love to Lin and the family. Roger

I grew up with Mike and we were friend from grade school. We grew up in the same area and stake but different wards. Lot of good memories of playing in the gully and competing in church softball and basketball. After High School a group of us joined the Air National Guard together. We had a lot of fun at our lunches remembering the good times in the guard. Mike was a great friend and will be missed. Love and prayers for Lyn and the family.
