

Michael W. Nash

August 6, 1954 ~ April 30, 2024

Mike was/is a fine person. I was fortunate to become better-acquainted with him in recent years, although the acquaintance goes all the way back to about 3rd grade. I miss him already, and hope we meet again!

- Bob Casey

What a lovely service! Thank you for the link. So many times during our Utah years, Christine (Cox) and I would visit your folks, Uncle Karl and Aunt Rita. What receptive and encouraging people they were. Their talents and dedication carry on in their children! By the way, I recall back in 1982 (+/-) spending some time with Carlos Asay, then a member of the Presidency of the Seventy. He went on and on about this outstanding and gifted couple he had recently interviewed, and doing so in a fashion to guarantee their total anonymity. I mean, what are the chance?!?! Your mom had just mentioned the interview, He would have died had I said, "You're spot-on when it comes to Uncle Karl and Aunt Rita"! May God bless and comfort all of you. BTW, take a look at Douglas Karl Nash on FamilySearch.
