Dearest Mama Bear- I am so grateful to have had shared some time and meals with you. Thank you for the music and the laughter and the love over the years. I will not miss you though because your energy and magic is still here, with me, with all of us. AND I have the privilege of seeing a bit of you almost everyday when I get to look into the eyes of your amazing daughter. Much love and joy to you and the extended family. Warmly Adrian

We sent a donation to help a puppy in your mom's name. What a sweet idea to do that. Thank you for the opportunity to give.
