I am a 2nd grade school teacher at Antelope Canyon Elementary School. On several occasions this year Miles listened to my class read papers they had written. I was touched by his tender heart as he gave encouragement and accolades to the students. He had the ability to reach into their hearts and make them feel like their work was exceptional. This is a quality that Miles has perfected. He was genuine in his compliments and encouragement, and the students new it. At the end of the year one of my students said that having Miles listen to his paper was one of their favorite things about the year. This unique quality is one that Miles gets to keep. Great work is still to come.

My heart is with your family. My interaction with Miles was so brief but yet it left a special impression on me. I am a 5th grade teacher at Antelope Canyon and had the opportunity to have Miles on my kickball team during the last few weeks of school. After observing and interacting with Miles just a few times, I commented to his teacher, "Miles seems like such a neat boy!" He was kind, happy, a great sport, and unselfish. He truly stood out to me. I cannot

imagine how many lives he touched in his 12 years, but I am grateful to be one of them. May your family be blessed with peace at this time and may sweet memories of Miles lift your hearts going forward.

Dear Moffat Family, Please accept loving condolences from someone who doesn't know you or Miles. I work at Antelope Canyon and while I never came in contact with Miles, I'm sure we passed in the hallway and maybe even exchanged smiles. I like to hope I did. This connection is enough for me to wrap you in my thoughts, prayers and love at this time. I don't know what you are going through, but I do know that a loving Heavenly Father knows what you are experiencing and will provide the strength and peace you need to move forward in this life. All my love, Jenny Brown

So wonderful to read about Miles' life and personality since we've not met him. He truly was an angel on earth and will have a great mission to fill. As long time friends of you Heather, and your parents, we grieve for you at this time and will continue to keep your family, especially Max, in our prayers as the healing is only beginning. Hugging you from afar.

We are in the baseball community and heard about your tragedy. We are grandparents now but have a family of boys …all baseball players. And now we have grandsons that play. We also had our son pass away. It is heartbreaking. We want to send our love and know that this is a difficult journey. We will remember you in our prayers.

Dear Moffat Family, My heart breaks for you during this difficult time. I had the great privilege to be Miles' music teacher this school year. He was a blessing to me during this unusual year. I could always count on him to have a kind heart to others, come in with a good attitude, try his best, and of course show respect to everyone. He volunteered to come and help my kindergartners with their music program, and he was so kind and warm with them. It touched my heart to see his generous spirit. Miles was a truly special child and I am so thankful to have

known him this year. I am in Texas and am so sorry I cannot be at his service. You have been in my heart and mind, and I hope some peace can be found during this time. Sincerely, Mrs. Roxanne Elliot

Miles was clearly such a beautiful presence in this world to all that knew him. Seeing the outpour of support and messages you are receiving is truly humbling. As Miles soul has moved on, he will always be with you. Please know I am thinking of your family during this time with empathy and love.

I had the honor of sharing this first year at Antelope Canyon with Miles as his principal. Time and time again, Miles showed kindness and compassion in the various situations that arise in school. Even at times when others around him got angry or were unkind, he always kept a level head. He intuitively knew that all people have worth and he gained respect from all social groups because of that. He was instinctively a peace maker and always tried to help others find a better path during a hard time. Miles was also very unassuming. He never had to be the center of attention. I believe that's why he had so many friends. The other kids just knew he had a good heart and fair motives. Miles is a gentle hero in my book and always will be.

Dear Moffat family, We’re so sorry for your loss. This is such a beautiful tribute to Miles. He was an amazing young man. So full of life to share with all of you. He will surely be missed by his family and friends. His beautiful spirit has left this mortal life and has returned home to his Heavenly Father. His life was cute to short here on earth for his family and friends to enjoy. He has a larger purpose to fulfill with his Heavenly Father. May the Lord ‘s loving arm’s embrace all of you at this time, and may the Lord bless, comfort and keep you safe. You will enjoy Miles again. Such a blessing to know.

I only found out today about Miles’ tragic death. I have been his Bus Driver for the past few years to Oakcrest and this past year at Antelope Canyon. I cannot express the words that would make the pain any easier but I will always remember his smiling face and his willingness to do whatever I asked him to do. He always talked about his love of baseball and we had a running joke about how much he owed me as he forgot his face mask just about everyday and I said he had to pay me for using the ones on the bus. RIP Miles, until we meet again, God bless.
