Aloha Debbie, We are sorry for your lost . We remember your father’s visit to our home along with his family many years ago . It was then that we met you and Tom , who became our Mission President in Mew York. Your father was our daughter’s Bishop in Salt Lake City. He was a very loving Bishop and we are grateful for his influence in her life. May the love of our Heavenly Father and His son Jesus Christ comfort and sustain you.

I have just lost the second of my two best friends, Fred Paulson and now Byron. Gina and I met Byron and Joan after I had just completed my masters degree at the Y and moved into a the Winder Ward in SLC. We rented a condo on 13th East and one of the first couples we met in the ward were the Fishers. Our common BYU backgrounds and love for all things BYU made us fast friends immediatly. Just when we were ready to buy a home in Bountiful, Byron and I were called into the Winder 12 ward bishopric as counselors to Bishop Bob Blackhurst. From thereon, our lives have been intertwined. Tennis together, trips to cabins, family trips to western Canada together, a very memorable trip to NY City and broadway shows, and on to New England states during the fall colors eating our share of Lobster, and a very recent dinner together at Asian Star, are a few of our special times together. We dearly love you, Byron, Joan and family and offer our heartfelt condolences in the passing of our dear eternal friend, Byron.

Knew Byron as a newly minted attorney before his Fabian days. He was a good friend who nominated his wife for Mother of the Year which she won. He helped me get a job at Fabian for which I was grateful. In the small world category my parents lived in Provo for a few years and my Father, an accountant, helped Joan’s father “keep his books “ and prepare the taxes for his business. The next generation connected with my daughter and his daughter, Emily and Janae. Janae inherited his compassion for others. Congratulations to all for being examples of lives well lived. I will be out of town for a different memorial but please know I was a fan of your Father and husband. ❤■

Byron was my favorite customer at Continental Bank. I worked there in the 60s and then he was my divorce lawyer 20 years later and took really good care of me. I think I remember him more than I do the man I divorced and I say that in a most respectful way, he’s quite a gentleman and I just Accidentally ran across his name today and I am so happy that I can show some kind of honor to him they live in these condolences, my love and my blessing to you and your family Byron and thank you for the blessing you have been to me the bank was the 70s not 60s

Our dear Joan, I (Bob) have known our dear friend Byron for more than 65 years and we, together with the Brackens, have met and interacted regularly with you and Byron since the year 2007. Byron is highly intelligent and has always demonstrated wisdom in the exercise thereof as he has unselfishly ministered to family, friends and anyone within his sphere of influence. He is a people person with a contagious sense of humor which endears him

to everyone. We love Byron, and we love you. We joyfully anticipate a continuation of the sociality which has existed between and among us in years to come-into eternity. In the meantime, we hope and pray for peace and comfort in your family as you experience the temporary physical loss of your husband, father grandfather and great grandfather. Bob & Joy

Dear Joan and family. I was sorry to learn about your loss. I know Byron is a dear friend of my parents, and whenever I interacted with him, he was always so cheerful and friendly to me. Byron was a light in this world and he will be so missed. Always so loving and welcoming. He would never shy away from the opportunity to tell a joke, inappropriate or not! He came into the room smiling and left with everyone else smiling. He was a great man, husband, father, friend and example. He shared his talents and knowledge so graciously and I still cherish and use the vegetable platter he made us for our wedding. I’m so grateful I got to know Byron and know he’s still smiling down on us all. Love you guys!

I can see his smile and feel his hug just thinking about him. I used my pottery dishes just the other day from him. An incredible man who leaves a legacy. He gave me such heart-felt advice.

Byron meant so much to our family as I know he did to everyone he knew. He was so Christ like..... loving, kind, generous and devoted to his family and everyone without regard to their circumstances or past. One of Dad's choices memories of service included Byron. Dear Joan, Wendy and I were saddened to hear of Byron's passing. He was fun to be with and I was delighted when he married my cute little next door neighbor and friend. We were both debater in hIgh school and his decision to become a lawyer was one of the reasons why I later decided to go to law school. No doubt his talents and people skills will be put to use in some way in the next life. He will also be remembered by his many friends and colleagues as a good friend and example. Joan and Byron watched me and my siblings grow up in the Big Cottonwood 12th Ward. My parents were great friends of the Fishers. We spent time together traveling to Mazatlan with them.. All of our family love the Fisher family. Not many men are able to convey the love they have for people like Byron can. Perhaps that is his greatest legacy that you knew you were loved whenever you were in his presence.. After my father, Richard W. Hobson, passed away in December 2020 I looked to Byron as a surrogate father.. I listened to his advice and heeded it. He was one of the most brilliant men I've known. My mother Chris Hobson loved to have breakfast at Denny's. Near her birthday that is July 18th Byron and I had breakfast together.to celebrate their great friendship. My father loved Byron so much. They regularly got together and exchanged books. Both were avid readers. Loss is HARD and we miss those we love deeply. Praying that the gratitude we have for the experiences we shared with Byron and the Fisher family will warm our hearts in the years to come.

Byron was one of the sweetest and happiest people I've known. He always had a smile on his face which of course made anyone around him smile too. His sense of humor was the best. Will miss our little chats. One of my favorite people. :)
