

## Minnie Louise Lundberg (Carter)

*April 17, 1932 ~ March 28, 2021*

---

I enjoyed the times when I visited with Sister Lundberg. She was always so gracious and caring. I also enjoyed the talks I had with Brother Deakin. I am sorry I did not know of his passing.

I have so many sweet memories of Robert and Louise...talking on the curb,, late at night,, after Robert's "church check" or a scenic drive or a trip to the "pie store". Louise could entertain me for hours with her tales of her youth and life adventures. I've missed Robert and Louise and our patio brunches and farmers market melon exchanges. I'm so happy that maybe they can share some REALLY AMAZING Afternoon drives now. I'm so glad that Louise was able to spend her last few months with all of you in New Mexico. She (they) have and will surely be missed and warmly remembered. Such good, grateful and humble people!■■■■■

I am sorry to hear of your mother's passing. She was a lovely lady. We will all, who knew her, miss her smiling face. My Condolences to you all.

My condolence in the passing of your mother (gandmother). I was her visiting teacher years ago, she was a quiet, but very special lady. I am just a bit younger than she (by a few months) so have not been able to get out to visit anyone for sometime. Was so happy to hear she had gone to live with her daughter. May all of you feel the comfort of the Holy Ghost and know she is waiting for you on the other side of the veil when it is your time to join her and other loved ones.
