My sweet friend - you are so missed. My heart is with Jamie, your mom, dad, bro & sis. You touched so many lives. Xoxo

Monica was one of the most passionate and inspiring teachers. She made us roll on the floor for hours in modern class to the point where I got motion sickness! Ha! But I loved every minute of it. She taught with such respect for us as students and we loved and respected her. Monica - thank you for sharing your light and making the world that much brighter. Rest well.■
