

Morris "Morrie" Carlson

May 15, 1936 ~ April 29, 2024

So sorry to hear of Maurie's recent death. Periodically I would be calling on customers in Wyoming and driving around between sales calls. I could receive nothing on my radio except for KSL and there would be Maurie interviewing some Salt Lake community leader. It was always enjoyable. Maurie was a wonderful radio host and a great person to know.

We have had many good times with Morrie and Betsy. Morrie was a wonderful and fun host when we were in a gourmet dinner group together and when we visited them in North Dakota. I remember a picnic breakfast in the canyons and a fun trip to the Art show in Montana. We have had many good times with the Morrie and Betsy over the years. Betsy and family you have our deepest sympathy for your loss.

I am so sorry to hear of Mr Carlson's passing. In 1970 I was on his WWJ radio program in Detroit. I was a DJ at our High School (Cousino in Warren Mi) and was picked from Detroit area Schools to appear on his program The event was called voices of tomorrow.. I spent the morning broadcasting with Mr Carlson and then he gave us a tour of the studio which was a big highlight to me. Even after over 54 years I remember him as a very kind and gentle person he was a big Mentor in my life my deepest sympathy to his family God bless. Reggie DiRezze

I used to hear Mr. Carlson when he was on WWJ radio in Detroit. I even interviewed him there for a school paper I was doing about broadcasting. He was a very nice man and a good broadcast talent. The last time I talked to him was when I was visiting Salt Lake City with my parents. He did not forget me. R.I.P. Mr. Carlson.
