

Nancy Kay Jensen

October 29, 1940 ~ January 7, 2026

I really enjoyed seeing her every week when she'd come in to the salon to get her hair done, she has been missed and will be very missed.

My sweet Aunt Nancy was such a beautiful soul with a calming and gentle presence in a whirl of loud and boisterous personalities! She was always in the kitchen when I came through the back screen door on Milne Ln. to greet me with a smile and hug. She was always on shore at East Canyon when I came off the boat with something delicious to eat, a cold drink from the cooler, and the same welcoming smile. She always found the time at family functions to ask me about my life, my friends, my boyfriends, my kids...and she was genuinely interested. I still know her old Milne phone number by heart because I loved calling her when I needed help or was looking for my parents who were often at her house. She was such a beautiful person and I always remember thinking how beautiful and fashionable she was. I LOVE you all Jensen family and am sending you all my love and prayers for comfort and for a few special messages from the other side from sweet Nancy!
