What a beautiful woman, wife, mother and example of being kind and generous. So many fond memories being in the Young family household and feeling so welcomed and loved. Sending my love and thoughts for healing and joy in celebrating all Nancy represents in your lives.

Nan, you were so steady in life--so loving and engaging and filled with purpose. We always loved being around you our dear friend and look forward to many more times in the future. You have left a heart broken man whom we will do our best to keep him propped up :). Thank you for living life so abundantly Nan. We love you so much and miss you already.

What to send out condolence for the passing of a great lady.. I was grateful for the moments that we were able to share growing up with Aunt Nancy. We wish that we lived closer and could have continued to build on my childhood memories. I know that she will be greeted by those who have passed before especially her mother and father. Know that she will continue to live in your memories until the day when we are all be reunited again in our Fathers kingdom. May there be peace in the sorrow of losing a wife, mother and grandmother. Love Curtis

We were so sad to hear of the passing of Nancy she has always been an example of a true disciple of Christ, we recall as we served together at the Institute building in Leeds her influence for good and the perfect example she portrayed for those Young single adults , they loved being in her presence and learning from her in so many ways. We treasured our times together, the concerned talks about the students and the laughter we all had together, the outings the Temple trips the lessons and the feeling that we were just one big family and she was the " Head Mum". We loved our visits to Oban and the choice times we spent in her company along with George they were the perfect hosts with the ability to make us feel, while we were there , the most important people in there lives. We thank the Lord that our paths crossed ,Nancy has provided us with much joy and spiritual growth. We enjoyed joining you for the service and learned so much more of her life her talents her unique way of dealing with challenges and the depth of her testimony. She truly loved her Saviour . Thank you all for sharing her with us she will radiate her personal light continually in our lives. Till we meet again.

Dear George – So sad to learn of Nancy's passing. I've often wondered how she is doing since you moved. I still have the articles you kindly sent me for our 17th Ward newsletter when you were serving in the Scotland/Ireland Mission. Today I looked again at the fun photo of Nancy and you popping a Christmas cracker at the Oban Branch Christmas party! I have great admiration for your loyal care of Nancy. May the memories you share enrich your life.
