I spent a lot of time at your home when I was a kiddo. You were so kind and made our time so fun. Suz it's some of my best memories! I love you Aunt Nancy.

My dearest family, may the eternal love sweet (Mom) Nancy shared in this life with us be in your hearts forever, remember her smile when you feel the sunshine and her soft hands when you touch a flower petal and her beautiful eyes when you look at the beautiful blue sky and ocean, her voice when you hear a bird sing and her laughter when you see a rainbow and her loving warmth like a hug when you snuggle in a warm blanket. Her amazing spirit and kindness filled our lives with happiness, keep that energy with you always and keep her with you in your heart and soul, I will always keep her with me in my memories and my soul now and forever and I am so grateful for her blessing of being my sweet Mother.

I just want to say thank you for everyone that helped take care of my mom. She always voiced out for me, so I will probably the one who will miss out most. Having received a Telegram message from her just days before she died, I was very surprised and disappointed to hear what happened as I had hoped to be able to see her again. But, I have learned from her that always being positive is always the best solution. I'm sure we have all learned this important lesson as well.
