Colleen and family, Newell was a friend and fellow partner at the firm. He was known, not just in the firm and our clients but also in the CPA community for his expertise and knowledge. He was certainly the go-to-guy for tax issues. Early in my career, he and I spent a lot of time traveling to out-of-state clients. We enjoyed long conversations along the way about many, many topics. I appreciated his sense of humor as well. He is a good man. Our prayers, thoughts and confidence go out to all of you at this challenging time.

Hello Colleen and family, this is Aunt Elaine. I wanted to tell you how much I will miss Newell. He's always been in my life for so many years. I'm sorry about his passing. I'm sorry for the sorrow that you're going to go through and in the time it will take to feel happy again. This is one time I could tell you I know how you feel because I've been through it two years ago myself and I know what you're doing and how you're feeling and I'm so sorry. I will be praying for you and remembering you in my prayers always. So grateful for the Gospel in our lives and that we will be able to be with Newell again. Love you.

Dear Colleen and family, I just came across this and I apologize for not writing anything sooner. It was good seeing all of you at the viewing and funeral. Newell and Bob Bowen interviewed me when I first applied at HB&M in 1984 and I've always been grateful for the opportunity they gave me in working for them and becoming a CPA. I've always considered Newell to be a good friend and mentor. He was my go-to guy when I didn't want to research a tax question on my own and was always ready with the correct answer. And who could forget our many trips together to Lake Powell. I have so many fond memories of that, from sitting around the campfires telling stories and riddles to sleeping on top of the houseboats looking at the spectacular night sky to watching his 20,000 lbs. boat pull you off the deck into the water at Halls Crossing during a wind storm because you refused to let go of the mooring rope that Newell had given you strict instructions not to let go of :) I'm glad he doesn't have to see what has happened to "our lake" during these past few years. I hope you are all doing well now and are finding peace in each other and in the gospel. With love, Mike
