I worked with Nick at the University of Utah Anatomy Lab. I am so sorry to hear of his passing. Nick and I spent several hours together in the lab and I remember that time with fondness. He truly was great at what he did, and put his whole self into his projects. And always made sure to be the best dressed while doing it. He was so loving and funny and I had a great time working with him. My condolences to his family and his friends.

Scott, Lyn, and Matt- I am so sorry for your loss. My thoughts and prayers are with your family. Many memories of Nick have come flooding back. The countless sleepovers at your home, the great times on the football field, but one will always stick out. When we went to raging waters. Me and nick were riding down the slide and we wanted to flip out of the tube. We did and nick hit his face on the slide, and knocking out his front tooth in the process. We were standing the water at the bottom of the slide that was rapidly turning red. In true Nick fashion he wanted to stay and play. I love you guys. Love the Turleys

Lyn, Scott, and Matt- I am so very sorry for your loss. My thoughts and prayers are with you all.

Lyn, Scott, and Matt I am so sorry for your loss! My heart and prayers are with you and your family at this time. I met Nick back in July on accident at a bar he said his boss made him go and it was the first time I saw this handsome man with a beautiful smile and told myself I need to get to know this him immediately. Best decision I ever made! He was nothing short of kind, sweet, hilarious, and stylish. Nick had so much passion for the things he loved and enjoyed and it was a pleasure being able to sit with him for hours just talking about life. Nick gave so many people so much hope and confidence to go after their dreams and he will be missed every moment. Thank you guys for sharing such a wonderful son and brother with this world! ❤■ -Jess

Nick will forever be one of my favorite students. He had a love for anatomy and I had the grand opportunity of watching him grow from a student with an exceptional work ethic to a teacher who loved to help students try to reach the heights that he had achieved. Nick was not only one of my students, but someone I am proud to call a dear friend. We spent many an hour discussing, not only anatomy, but sports, which Nick could discuss forever. Nick you will always hold a place in my heart. Mark Nielsen

Love you and miss you my friend! It’s been a long time since we clashed pads on the field or sweated together on the mat but I’m a better person because of those shared experiences. Moments I’ll always cherish and moments that wouldn’t have happened without the support and love of your parents and brother. Rest easy and see you soon!

I was lucky enough to wrestle with Nick and was always impressed by how tough he was and yet what a sweet and friendly guy he was. I was older than him and we wrestled in the same weight class so he was a bit of a mentee to me. I always knew he would do more in his time than I ever did and was so happy when I heard about his success. I wanted to let you know how much I enjoyed knowing Nick and what an example he was to me of hard work and mental and physical toughness and the fact you can be a tough guy and also a nice guy. Me and my family send our condolences and the world is a worst place without Nick in it.

Lyn, Scott, and Matt - I'm so sorry for your unimaginable loss. Nick was always one of my favorite relatives to be around. We had a very similar sense of humor. Me, Dione and Andrew spent some time with him in Utah when our father passed. It was a sad time but I remember Nick still had us all cracking up and it really lifted our spirits. I will miss him and am deeply saddened that he's gone but I'm grateful that I got to know him.
