Dang it Nick! We had so many more of the worlds problems to solve. You were always such and kind and loving friend to me! You never let me walk by without you shouting my name. You guided me through my taxes every year, even took time to help my brother and I put together a business plan. You never turned me down when I wanted to pull on your ear about anything. You were a friend and mentor to me and my heart is broken we will not have any more chats in this life. I will cry for now, but I am grateful to know I will see you again my friend. I Love you Nick!

So sorry to hear about Nik. I worked with Nik for close to 20 years on various companies financials. I have been retired for 8 years so I have not kept up with him. I always thought he was one of the more physically fit than most of us.

- Briga Westenskow

Words cannot begin to express what this Giant from Grace has meant to me and my family. He was much more than a business associate. He was a trusted and cherished brother and was loved and highly respected. I will miss our Bull sessions immensely as we talked tennis and pickle ball and had every answer to this nation’s woes. Take a break, my brother. You have earned it.

- Jack Peck

Nike, I’m going to miss you, my friend, as we stopped and talked on mornings walk. You were so sweet and kind to me and my dogs.. You knew the right thing to say whenever I was having a troubled day. Janice Keith and I were so sad to hear of Nick’s passing. We both felt if anyone could beat this terrible disease it would be Nick. He was always so healthy and active. I am so sorry for the loss of my good friend and your husband, father, grandfather and friend to many people. I would thank Nick for many wonderful high school memories, especially the four passes, 2 for touchdowns by the way, he threw to me in the Minidome in Pocatello, Idaho during our championship football fame. That undefeated, 9-0 football season will never be forgotten by the class of 1972. Nick is fine on his side of the veil but will be greatly missed by family and friends on this side of the veil. God bless you.

- Rick Roper

A kind man, definitely gone too soon. Our prayers are with you and your family, Janice. Sending love, Curt & Elizabeth Jensen

Nick Smith was our quarterback. He called all the plays on field. Could have been 3rd and 9 not sure but we trusted him to dial up something and get us out of there. Ten guys all focused on Nicks face mask with those side-burns sticking out each side. Still see the ball leaving his fingers, tight spiral, rainbow arc, roof of the mini-dome backdrop and Rick Roper cradling the catch in the end zone. They were bigger than us, but Nick in the huddle; just get in to their belt buckle and stay on your block. Last thing you would see was Wade Wilkers heels going past your head with a lot of green turf out front. We got back off missions and heard Nick was planning to marry one of those Hatch girls from Bancroft. You have to understand the geography, but from Grace, that was like going over to the enemy. Best decision he ever made. He called his own plays in life as in football. We played hard, never be forgotten. To Nick our quarterback, god speed, and we will see you again in the end zone.
