

Nilda Angelica Pinto Castleton

Jan. 3, 1941 ~ Sept. 5, 2021

I served in the Draper Utah Temple with this wonderful Lady. I never saw or talked to her without a kiss on the cheek, and her heart winning smile greeting me. She oozed love, acceptance and kindness. She touched my heart, made me feel important and loved and helped me strive to love, serve and accept as she did. She will always have a place in my heart.. You, as family were blessed to have her in your life. Never forget. her Christ like attributes and strive always to be who you really are, a beloved child of God. How grateful I am for the saving ordinances of the Temple and the Atonement that allows us to be together as families and live again with God. Vera Ritchie

I was surprised and saddened to hear of Nilda's passing. I first met her in the Ñuñoa Branch in Santiago, Chile in December of 1958 when I was transferred from Argentina to become a senior companion and Branch President with a green companion. I didn't realize that Nilda had only been a member of the Church of Jesus Christ of Latter-day Saints for only 9 months at that time. It seemed as though she had grown up in the Church. She had embraced the Gospel with all her heart and was a tremendous help to a naive Elder who was forced to learn a great deal very quickly. Nilda was a mainstay in the Branch--willing to accept any task or calling and fill it fully. Later, as my parents and sister came to Chile to travel home with me, Nilda took a couple of days to show them around Santiago and make them feel comfortable there, although I was no longer serving in the Branch. I have

greatly enjoyed reminiscing with her over the past several mission reunions. She was a natural born Latter-day Saint, and will be greatly missed by those who remain behind. I count it a real privilege and honor to have known her.

To the family of Nilda Castleton...I loved your mother so much. She was always so sweet, kind and friendly to me. She always gave me a kiss every Sunday...at church. I could always plan on her coming to where I was and kissing me. Such an affectionate lady and always so happy. She gave me a wonderful book when I was in the Relief Society Presidency, I will treasure it forever. When I lost my daughter to a drowning 10 years ago, periodically she would drop by our home and visit with my husband and I. We both loved her coming. Her love and concern and words were so comforting. I'm so sorry for your family, I know how much she loved all of you. She was so in love with your dad, now they are reunited. What an amazing and happy reunion for both of them. I will miss that dear sweet lady, there's nobody like her. My love to Nilda's family. Toni
