I only knew her a short time, but her spirit will be with me much longer. It was an honor and my privilege to have cared for her.

My husband Darrell and I just finished watching the funeral service. What a beautiful and fitting service for you sweet mom. I loved your mom and dad - had to chuckle when Elder Packer commented something to the effect that your mom must surely have missed his humor. That is what I loved about your dad among many other things. Your mom and dad made such a great team. Because of the example of my own mom and dad and their love for family, I learned that as well. Nola was a great attribute to the Lybbert family . She was kind, caring and so inclusive. I remember one summer as a teenager I rode from Glenwood to Utah with them to visit with my sister living either in Bountiful or Provo at the time. We travelled to Banff - the first time I had ever been there- and then on to Moses Lake and then to SLC. I loved the trip and all the fun we had. I loved hearing the stories at the Lybbert reunions here in the mountains of their experiences of when they served in the area presidency and all their other experiences. My dad had such a love for family and because your dad and my dad were so close then automatically Nola had such a special place in my dads heart. My dad could not say enough good things about them. So pleased and happy to have been associated with Nola in so many pleasant and uplifting ways. When she was serving as temple matron in Cardston she was at some function in Glenwood. Someone had commented about how women sure didn't dress up for weekday Relief Society anymore and what a shame it was. Then they turned to Nola and said "is that how you feel sister Lybbert.? She answered that she didn't think the dress was as importance as the attendance. She was such an inspiration and so positive. She never had airs about her either.

So grateful for my association with Nola. Sending love across the miles to all of you. I love the song "God be with you 'til we meet again." Love you all - Janet Lybbert Edwards

I love the feeling as I enter the home of the Redlund's and see Nola's Daughter who is very kind, lovely, and caring person. I felt that Nola has raise Ruth beautifully to keep spreading her kind love who is surrounding her or anyone. I love how Ruth has always take her mother to different appointments and care for her. I send my condolences to all of the Lybbert's family, children, grandchildren. Thank you for the love and all you do. Love Jessica Macey Lynn
