Between my Peterson and Widdison families I have 43 uncles and aunts. Love them all... but loved Uncle Larry the best. I can tell stories, but will only say that when I was 7 and my sister was 5 we ran away from home. Where did we head to for a new place to live? With Uncle Larry and Aunt Ruth. I look forward when it is my time to go through the veil to the hereafter, that I will see my father, mother, (Larry's sister), and Uncle Larry and aunt Ruth. Now, he is surrounded by all his siblings and their spouses, his parents and ancestors, and tens-of-thousands of people who knew and loved him. As my brother said about that... "bet they are really having a party." ...and as here, he would be the life of the party.

I'm so grateful for having Uncle Larry in my life. He's always been such a brilliant and wonderful man. I'm going to miss watching his faces light up whenever I would ask him to tell me about anything he was passionate about. I truly loved him and Aunt Ruth, and remember how much he always loved her. I'm know he must be so glad to be with her again.
