Hey man. I can't even put into words especially having small children myself. I know it's been a while but I still remember it like it was yesterday all the stuff that we used to chat about and talk about at work. We just had a very close friend who is a 12 year old to cancer and its impossible for me to stomach it to lose your kids before we go. I will do my best to make it in person but just know you're in my prayers and family prayers. If you need anything even just an access point set up :) please let me know. I wish your family well and please be safe and reach out for anything Knudsen Fam
