I often went to Doug's in the days when Pam worked. She was a no nonsense lady you always knew where you stood with her she made you feel like you were the most important person in the store and would share great stories. Back in those days I admite I would go to Doug's just too talk with Pam she is a wonderful Elect Lady and a great person. My thoughts and prayers are with your family as someone so special will be greatly missed and I pray the Lord's choicest blessings find your great family. All her wonderful kids and grandchildren are evidence of what a great life she lived. God bless you all. Steve Gardiner

My Beautiful Mom, I love and miss you so much. I send a condolence to anyone who has never seen your eyes sparkle, or felt your hug, or held your hand. I send condolences to all who have truly loved you and truly been your friends and comforters. Dad's heart aches for you every day. You were his everything and you are still in his heart in every moment. Every day we think of you, every day forever. You were the light of my life - so brilliant and always trying to shine light on my troubles. And every night I see the moon, I remember how we always ended our chats: I love you to the moon and back. I love you to infinity. My Angel Mom, I treasure you and hold you sacred in my heart. You were always there to care for me, even through the most brutally painful times. You fought for me at every turn. Thank you for pushing me on the swings, thank you for braiding my hair, thank you for all of those amazing cakes, thank you for making all of the clothes you made for me, thank you for making my drama costumes, thank you for letting me watch you put your makeup on every morning when I was a little girl - ever in awe of your beauty. I can never thank you enough for your infinite love. I hope you feel mine. Love, your baby girl, Michelle (Yes, you were right, I will always be your baby girl.) I love you, Mom, to the moon and back an infinite number of times plus ten. And then some. I will always try to make you so proud of your little girl.
