

Patricia Pretti

April 21, 1944 ~ August 18, 2023

I have no words today how sorry I am. We were friends over 60 years. We had our kids together. Never lost track of each other no matter where we lived. I loved her dearly and she will always be in my heart. You girls live with great memories. They will help you get through this difficult time. ❤■

So sorry to hear about Patricia but we never heard about her passing. My prayers are with you at this time. As I know what you are going through as my husband passed away in April of this year. Love this family. Diane Wicks
