

Patricia Ruth (Pat) Brewer

April 27, 1943 ~ October 13, 2024

Jerrie, Sorry to see an obituary for Pat. I was looking at my sister Kathleen's obituary and there was Pat. I had no idea she was such an accomplished pianist, I knew she played, did all the Yale stuff come after I knew her. It was so interesting to learn about her. What a talent!!. Hope you are doing well, it is hard to lose a sister, but sometimes it is time. Becky

- Becky Nielson (Andersen)

We remember Pat during our years at Carlton Towers. She was a very informed-about-everything, direct and thoughtful friend. She was a special friend of my parents and she encouraged my mother in her late 80s to join her in her competition bridge tournaments. My mom was a little nervous, but very proud of their national points. I remember when Pat completely remodeled her condo, changing it from a charming traditional style to a modern, dynamic condo. She had the ability to establish a vision and accomplish it. A special person with a sharp mind and warm heart.

- Joe Heagany

Pat was always so kind and welcoming when we'd visit. She will be missed.

- Matt White

With deepest sympathy I say thank you and good-bye to Pat Brewer. Pat shared her music, her delicious food meals, her understanding of 'Kodály' music education, and her support of friends and family members. Pat, you are such a lost. Thank you for all you have done for us.

- Betty Hillmon

Hello Dear Jerrie and Family, I was so sad to learn of Pat's passing. I send you my sincere condolences. She was such a bright light in the halls of the Carlton Towers for all the years I was there. She was a generous, accomplished, humble and always helpful person, and we always found a good reason to laugh, which I delighted in. This must be a huge loss for all of you. I'm so glad to have known this truly special woman.
