

Patricia Steele Romney

July 11, 1929 ~ December 3, 2024

I didn’t know her very well but I remember she was kind to me. She will be missed.

- Porter Leavitt

Pat was like a second mother to me in my early years, she offered a warm and welcoming place to visit during my college years and was a loving and peaceful presence during her younger sister's (and my mother's) illness and passing 13 years ago. I will miss connecting with her, but I will hold on to many fond memories.

- Doug Theurer

So many fun memories of spending summer with Pat and Ralph and all our cousins. We loved time in Bear Lake and Sunday night visits. Pat was always so engaged and interested in our lives. She was a home away from home during time at BYU. We will miss her. Sending love to all
