

Patrick (Pete) George Casey

April 26, 1945 ~ November 13, 2022

Oh, Eileen, my heart is breaking for you, at the passing of your dearest husband and friend. Such a great guy, always smiling, and cheerful. I would not have known such heartfelt sympathy if I had not been there. Sometimes it feels like half of you is gone, and yet you would not want him lingering to suffer when you know that there is a God, and a beautiful space for him to live until you meet again. Much love, Elaine Smith

My deepest condolences to Eileen, Patty, Heather, Ian & Sean and to uncle Paddy's brothers who are still with us, Noel, Gerry, Joe, John & Francis. Paddy was a warm, loving, kind & considerate man. I treasure the day I spent with him & Eileen In Chicago when we bumped into each other so many mikes from home. Thinking of you all. ■■

Bro Casey was the counselor in our ward. He was always so kind and friendly. I remember him surprising my kids and I one year on Christmas Eve with a cookie kit for them to decorate. I am a single mom and I was so busy trying to get ready for Christmas that cookie making had not happened that year. The relief that little act of random kindness brought to our Christmas will never be forgotten. He truly must have been sent by angels. I know he was dealing with some health challenges the last few years, I hope he is now able to rest in love and peace. My condolences go out to his family. Patrick Casey was a good man!

Eileen...we never saw your husband without a smile, a cheerful word, and heartfelt greeting. He was a people magnetic because he simply exuded "good vibes". So sorry he is gone from our midst, and especially that you will be without him. Thinking of you, and praying Heavenly Father's comforting spirit will sustain you.

- John and Fay Borsos

Many condolences to Eileen and the entire Casey and Lingwall families. Our Heavenly Father will be watching over you at this difficult time.

I just recently learned of Pete's passing. I just wanted to express my love and condolences. He was one of my Boy Scout leaders and he always made me feel loved and appreciated. I was once just an "assistant" leader as a youth, but he often expressed a thank you for our efforts as boys, by name, after we did some activity or service.
