

Paul Floyd Carlson

November 20, 1950 ~ September 21, 2023

Paul will be missed I tried to get him out when possible take him to the cabin while I done my chores let him see the mountains and breath some.fresh air out of the city. He would always enjoy a candy bar and a Co;ke or an eclair from Granite bakery. I will miss him greatly , I have known Paul most of my life he was the best man at our wedding and a good friend throughout the years. Go with God and enjoy your next journey. Love Ray

I'm so sorry for the loss of Paul. He worked at Hercules and ATK. Paul had the most Infectious laugh and loved to sing. I know Jim Jewkes that worked their to, took Paul to the Golf Course, just to get him out of the house. Jim Jewkes passed away of Cancer about a year ago. I visited with Paul in the hospital and he told me he would be 100% Never saw him again. He wanted to just be with his close friend Jim. He made work just a little bit funner. God rest his Soul.
