To Sister Valerie Shino and the entire Shino family, What a beautiful, faith-strengthening life our dear Brother Paul Shino lived. Just reading about him, I couldn't help but smile, laugh a little, and even shed a tear. There's no question—Brother Shino's spirit, strength, and character reflected something deeply rare and deeply precious in Jehovah's eyes. When I think of Brother Shino, I think of 2 Timothy 4:7: "I have fought the fine fight, I have run the race to the finish, I have observed the faith." After his stroke, he didn't give up—he rose up. Not only enduring but redefining the boundaries with courage, joy, and that signature charm. That's the mark of a true servant of Jehovah: one who keeps his integrity, even under intense pressure. A diamond indeed. Jehovah lovingly treasures those who remain joyful and faithful under trial. As James 1:12 reminds us, "Happy is the man who keeps on enduring trial, because on becoming approved he will receive the crown of life." Brother Shino surely wore that "crown" in the way he faced life's challenges—with wit, wisdom, and unwavering faith. And yet, we know this isn't the end. This is just a pause. Brother Shino believed, as we do, in the life to come—the one Jehovah promises: a world without pain, without sickness, without tears. A world where "no resident will say: 'I am sick'" (Isaiah 33:24), and where Brother Shino's jokes and jingles will once again echo with laughter, not in a hospital room, but in a peaceful paradise. Until that glorious resurrection morning, may Jehovah surround you with peace, sustain you with His

Spirit, and remind you—daily—that you are never alone. The bond of the brotherhood and the comfort of Jehovah’s promises are holding you close. With warm love and deep affection, Your brother in the faith Kevin

Paul was a very loving husband, brother, son, uncle, father and grandfather. He was a workaholic in the truest sense...definitely a hard worker and dedicated to his family and to America! He served in Desert Storm while stationed in Germany as a laboratory technician for the military. Paul was also an avid long distance runner while at Granite High School and placed 6th in state during his senior year there. He also ran for the Army in the military games in San Antonio, TX, after he initially enlisted. Interestingly, he had the largest head in his unit and his hats were special made to fit! I will miss you, bro! Lovingly, Sis
