I miss you more than I ever thought possible. I miss you when I go to sleep. I miss you when I wake up. We made a good team. Music and travel no longer interests me like it did. I miss my teammate. ♥️♥️♥️

- Max

Thank you Max and grandchildren, for sharing such wonderful stories in regards to your grandma. She was truly an amazing woman I can tell through the stories. Max I know you were hurting and I know you were sad, but I also know that you know she is with you every day in your heart love you friend

Hi there my girl I miss you at night when I turn in. I miss you in the morning when I have awoke. I miss you when I hear Neil Young sing "Harvest Moon". I remember you saying "Neil is so dark....." Music and travel just do not have the same appeal to me without you. We made a good team. Went lots of places - heard lots of good music (even if you were rolling your eyes at me being a total geek). I miss my team mate. And will always miss you and miss us.

Life is a precious journey and Paulette lived it with such grace and dignity. Max and Paulette shared one heart between them, and that heart was shared with all their family and friends. May you fly with the angels and let your light continue to shine over all of us. Love, Valerie

I am so sorry to hear of Paulette's passing. She was a good person, with a nice smile and a good sense of humor. I am glad I got to work with her and know her.

Miss ya!

My mom and dad were friends with Paulette's mom and dad. I was friends with Gareth and Paulette. We used to have overnight sleepovers at their house. I was even younger than they were. I still remember how much fun her dad was and how nice her mom was. But they left Grand Junction and I never got to see them again.. I feel so sad learning about Paulette (and Gareth). But I can tell she lived an amazing life. ■■■■
