We will deeply miss our Ms Peggy, what a wonderful woman she was. Great trainer and mentor. She always had a smile and she knew her stuff! She was a great friend to everyone she met. I worked with her for many years at Travelers, then Metra health. We were all so sad when they closed the Salt Lake office and she went on tp EMI. I will miss her dearly. My deepest sympathy to Dan and her family whom she loved dearly and talked of frequently..
