We are so sorry to hear of your father's passing. He is a wonderful kind and caring man who we love very much. I will never forget the time he came to my rescue. Jon had chicken pox and had died breathing. We called 911. While they were there examining Jon your dad stood right at my shoulder and in a quiet way offered Faaga's help to watch the other kids while we went to the hospital and spoke other words of comfort. It meant so much to me to have his calm voice at that stressful time. We love your family and have fond memories of our time together.

Our hearts were saddened to hear of the passing of this wonderful and humble man. His faith in God and devotion and love for mankind, will always stand as a great example to us. We will never forget the wonderful times when he visited our home and shared his testimony of the Savior and spoke of his great love for his family. We were blessed to have known him and served with him. Our love to your entire family. We know that he is continuing to do a great work, only in a different place but with the same conviction and sincerity of heart.
