Sorry

- Luan

My sincere condolences to Stephanie and family. What a good man! I was lucky enough to ski with Pete along with my brother more than a few times. I was in awe of Pete's skiing skills! Every time I saw peter, he was genuinely interested it how I was and what I was doing. A life well lived!

Steff, Sara and Hal. Steve and I are heart broken about Peter. We have so many fond memories of all of us camping together. I loved seeing him just about ever Friday night at ping pong. He loved holding the babies when he was here. We miss him terribly. If you need anything, don't hesitate to call.

Stephanie, Sarah, Hal, and Peter’s siblings, My friendship with Peter extended over sixty years, from Ensign Elementary through East High and beyond. The number of years is less important than the quality of our relationship. Together we were in Cub and Boy Scouts, took our first skiing lessons, went to Canada, and spent a summer building my family cabin in the Unitas. Both of us at twenty, had little construction experience, but with Peter’s analytical skills we were able to solve most problems. He always seemed to remain positive, when I was ready to give up. Peter was one of those rare individuals who wasn’t reluctant to give it another try, when the odds seemed stacked against us. He didn’t look down on others, whatever their occupation, and would engage them as equal. He was genuine, and people could sense that. I was so happy for him and Stephanie when they got together and married. He often told me that being a parent to Sarah and Hal was one of the biggest joys of his life. To my dear friend Peter: I will never forget you. I will always think of you when I’m skiing powder, and especially when I’m gazing up at the stars.

I had a flood of emotions hit me when I just found out a few days ago that Peter had passed away. When I heard the news, I yelled, “Noooo!” How saddened I became became for you, Stephanie, Sarah and darling Hal. I am just so very sorry. He was way too young to die. The Avenues truly made childhood magical for me…and I know, so many others. Northcrest Swimming Pool and Swim Team, were the best part of it! I have the best picture of most of our swim team, and would love to somehow post or share it with you, I feel like I was always over at the Waldo house after swim team practice, eating cereal with Judy and Libby, whom I adored!! Peter was my “boyfriend,” so I thought…, starting in the 3rd grade until my mother remarried and we moved away for a bit after the summer of 6th grade. Ensign Elementary was another amazing part of life. It was every single one of us, in our grade, that I will cherish forever. I remember when all you Bourne’s moved in the neighborhood, up on 17th Ave! Your family (and Dad■) made the Avenues even more special!!! I oved knowing I had you, Steph, as a new friend!!. I saw Clancy Wolf on here, got so excited because I have thought of him so much. During my life. I’m hoping I can reach out to him somehow., someway! Stephanie, you were always such a kind, sweet , personable person to me. I always loved the deep talks we would have about love, live, and thing….remember those (more more High school era)? I thank you for always being so kind to me. My thoughts and prayers are with you at this time of grief. I will be anxious to know when you will be celebrating Peters life, because I would love to be there! Love you, Stephanie

Peter, You are and have been dearly loved by our family. I have so many memories of you at Lake Powell, skiing, in London and France... You have a depth of kindness that embraces everyone you are around. No one can maintain a false face around children, and they swarmed around you knowing of your love and kindness. All my dear memories of the Bourne family has you right there. You were a loving and essential member of our family. Your greatest legacy is your children. They are two of the most profoundly good people I know. Your goodness and kindness will live on in them. This is not good bye, just so long for now. I look forward to a time when we can all meet again. I love you dear brother. Judi

Dear Stephanie, Sarah, and Hal, We were so sorry to hear of Peter's passing. Recently, I was telling the story about him being awakened by the bear in the Tetons -- what a passion he had for life! Such a big loss for you all. Love from us in this very difficult time. Dave and Debra
