My grandpa was a strong and caring man. I have so many good memories of spending time with him as I was growing up. I won't be able to make the service in person, but I will definitely be there in spirit. I love you Grandpa, keep heaven decorated with your woodwork for us ■■

Hugs and prayers for your entire family Debi .

- Bill and Isabella Meisner

I have fond memories of Jess during the time he lived with Dilleen and Mike in Salt Lake. He was a kind and funny. My heart goes out to all of you. How blessed you are to be his family.

My name is Leyton Kane. I’m an Advanced Emergency Medical Technician with Gold Cross Ambulance. I was lucky enough to transport Jess home from the hospital shortly before he passed. I received the message from you guys and I just want to say thank you and I’m very sorry for your loss. He was a strong man from what I was able to witness. It was an honor being able to make him comfortable in his last days here on earth. You will all be in my prayers.

I am so sorry your beloved Husband, Father and Grandfather has gone on ahead. Though I didn’t know him I know he was a great man because I know Debi, Michael, DJ, Deon, Koti, and Tyson. You have much to be proud of, and he has much to be proud of as well. You are in my thoughts and prayers, and I pray you will feel joy and peace for his life and your time here with him. With much love, Lilley
