Phyllis Abplanalp Chatwin

May 6, 1915 ~ December 10, 2021

Linda and family, I am sorry to hear about your mom. She was a great lady. I remember the times we would go to her house on Christmas night for a little get together, we always looked forward to it. She was a great friend to my grandfather Lee for many, many years. Our thoughts and prayers are with you all at this time. Terri (Boswell) Hooton

Dear Family, I was saddened to hear of Phyllis's passing. What a tremendous long life she lived! She was so much a part of our family for so many years. I always think of her at Christmas and visiting her Christmas night. She was always so kind and thoughtful. My thoughts and prayers are with you. Denise

Aunt Linda, Your mother was always so kind and gracious. Whenever she came to our family functions she treated everyone with so much care and concern. She had a happy and positive demeanor that always lifted me up. I will cherish the memories I have of her. I send my deepest and most heart-felt condolences to you, Uncle Lynn, Leslie, Linette, Jill, and the rest of your family. Love, Doug, Angie Gardner and family

- Doug Gardner

So sorry for your loss. She was such a great woman and friend ❤ ■

- Peggy Parry

We were so privileged to know and enjoy Phyllis for many years. She was an honored guest at our home on many occasions and we were always impressed with her continual optimism and energy. She met the vicissitudes of life head on with no turning back. Life was for her a never ending forward process. She never let age stand in the way

of living her life fully and independently. She was an example to those of us now experiencing the inevitable downward trek and aches and pains of senior citizenship. We will miss her and at the same time remember her with fondness. May her memory be blessed and revered always. Nick and Sabine Gold

Linda, I am so sorry to hear about the passing of your mother. You have my deepest sympathy. When my mother passed several years ago, I found myself headed to her house for spaghetti every Wednesday, which I had done for years, only to remember half way there that she was gone. It has been a long time since the old Garfield Avenues and South High School days! My best to you and Pete for the holidays, and I hope to bump into the two of you one of these days. My best, Leonard

- Leonard Wesley Burningham
