

Gerald "Jerry" Reed Dean

May 19, 1928 ~ July 2, 2020

We feel so grateful and blessed to have had the wonderful experiences we have enjoyed with Jerry and Connie over the last few months, as we have reminisced about family and the past. They have shared some very nice memories that they have of family that were new and special to us and will be recorded. We look forward to a continued relationship with Connie and more special moments. Our thoughts and prayers are with you Connie, and the family. God bless. Dean and Dora Klemme

Connie: So sad to hear this news. On behalf of everyone in our family, sincere condolences. You and Jerry are treasured relatives of ours. My parents, Gene and Sharon, are feeling this loss already. (My mom adored him.). Although I didn't know him well, I always admired Dean. He was so kind and just seemed full of goodness. And the two of you just seemed to exude love wherever you went. I loved his gentle and kind parents, Myrtle and Earl. They were so nice to us. I didn't know this until I read the obit, but Jerry and I share the the same middle name—Reed, which was my grandfathers middle name, too. I am proud to be connected with him this way. I will think of Dean when I sign my name henceforth. Much love. - Greg Merrill
