All the best Craig in your new world. See you up there one of these days.

Please accept my condolences. I worked with Craig at Parsons. He was a great man to work with. Always had a smile for everyone. I felt privileged that he let me read the draft of "Afterdamp". I look forward to its publication. The loss of Craig will be felt by the many lives he has touched.

Sending condolences to Craig's family. So sorry to hear of your loss. I worked with Craig at PB&L. He was the happiest person in the firm. Whenever I saw him, he always had a smile and usually a quick witted comment. I left the firm a few years ago and was sad to hear of his sickness and now his passing. He will be missed by MANY. This obituary is a beautiful tribute to him.

I had the privilege of knowing Craig through timing events at Soldier Hollow during the 2002 Olympics and since through the WCS race timing crew. He always was such a positive, enthusiastic person to be around and i always enjoyed those times when he was there. I am so sorry to hear of his passing and send love and peace to all those near and dear to him.

Craig was a good friend and a generous, kind and loving man to our family. We will miss his great advice and support on life, adventure and business but we will mostly miss his quick smile and contagious laugh. He will forever be in our hearts. All our love to Nancy, Robi and the Johnson family.
