I am saddened at such a beautiful soul departing. He was hilarious and so interesting. I enjoyed all of our talks. His son Matthew was my best friend for many years and I loved the time we got to spend at his parents' house, including many sleepovers during high school. I was fascinated by him knowing Thomas S. Monson so well, visiting together in the hospital on many occasions as they served people. I am incredibly sad that I won't be able to attend the gathering as I will be in Florida. I send my love.

Ragnar and I worked together at Utah Food Services for many years. Ragnar was a feisty soul! As well as one heck of a pastry chef. He was instrumental in the overall success of Utah Food Services. You could always count on Ragnar to deliver the goods. Sometimes the goods may not have been as sweet as his pastries, but he told it like it was. His honesty, integrity, and love of things unknown made me proud to be in his aura. We often talked about the universe and how a silly little thing like baking powder hardly mattered, but was still important in some funny way. And he always had that reserved, are you kidding me , sparkle in his eyes. We asked an awful lot of Ragnar and he never ever failed to deliver even more than we asked for. Ragnar was a positive Norwegian king…

So sad to hear of your loss. Ragnar was a good friend and I enjoyed many events with him. He would often talk about his exploits in amateur radio and civil air patrol. He was never shy about joining into a conversation about any topic. I also appreciated all he did for those with substance abuse problems. He was able to share and guide many on the path to sobriety. Ragnar will be greatly missed by all who met and knew him.

Hi Natalie: I’m so sorry for your loss. Your father seems like a really neat guy with many interests (I was wondering what the ham radio ID was)! I hope his grandiose stories and many cherished memories help you get through the pain of losing your dad. He’s among the stars now. A big hug to you and your family during this tough time. Take care, Natalie! Your Friend, m

So sorry for the loss of Ragnar, Father, Brother, cousin. He was a gentle soul and was loved by many. I still remember a visit to SLC more than 35 years ago where he read me a poem he had written. He will be missed. May his memory be a blessing.

Where does one start when speaking about Ragnar?! What a beautiful man is was. A friend to all and filled with so many life experiences it makes my head dizzy. Ragnar was a personal friend and I will miss him dearly. My life is a better life by having him in it. As an active member of many organizations he uplifted and mentored too many to count. He was a very active member of the local ham radio club in Murray (Murray Amateur Radio Club) as well as UtagSAG. I spent many many hours riding with Ragnar on his Harley's doing events in many Utah locations. He was a very effective communicator and excelled at anything he did, especially ham radio. There is an empty seat at club meetings which is noticed every week. My sincere condolences to Ragnar's family! He is loved by so many people, and my personal hero. Sleep well my brother.
