I’m sorry to here about the loss of this amazing human being. He fought hard. I loved all of our discussions. The memory that immediately comes to mind is that one day for treatment he told me he was having a hard time. I told him that I wanted him to write down 10 things he was thankful for. The next time he came in for treatment he had completed his homework and handed me the list with a big smile. Randy will be missed. He was a good human.

I met Randy in 1990 and thoroughly enjoyed working with him... and golfing. He is definitely one of the good guys. He was always upbeat and happy and simply a joy to be around. He'll definitely be missed.

It was always such a pleasure to take care of and see Randy. His conviction to pushing and working through his treatments and trials was truly inspiring. I will miss him. Love to you Shauna and all the rest of your beautiful family.

- Heather Baucom

Randy my friend you will be missed. We spent many a days sitting and laughing on the showroom floor talking life, cars, "manly things", family and so much more. One thing that I will hold onto forever is you would never, never let me discount who I was and what I contributed in my word. You built me up even when you were down. You believed in me when often I didn't believe in myself. I will miss you forever as a friend and as one I will consider one of the good ones in life. I hope that you found your garage in heaven stocked with all the favorites. Of course only leading to empty two lane roads that you can go tear up with the sun in your face, music in your ears, and clubs in the trunk. You were taken too soon from us, I will miss your laugher and smiles. And most of all miss a true friend that never cared who I was. This is not the end, I will be expecting you to have my car ready when the time comes. Until then...

- Steve Hampshire

A very bright light, in the World's Chandelier of Humanity, has gone out by Randy's passing. Anyone who was fortunate to know Randy understands the world is a little less bright. He was a strong, positive and loving man who loved life and all around him. His light will become brighter, after the grieving, through Shauna, his children and grandchildren. I feel fortunate to have known Randy and Shauna. Godspeed Randy.
