Jerry, so sorry to hear of Rhonda's passing. I know the sorrow that is experienced in the loss of a spouse. In time my friend and brother the pain will not be as intense and it is today, I wish that I could tell you it goes away, but as with all true love, her memory will always be with you. Prayers for you and your family, if you need to talk to someone , I hope you will call me. John Ray

Westenskow Family: You do not know me but Rhonda grew up four doors down from my home on Hillcrest Drive in Murray, Utah - homes which no longer exist given the new Hillcrest Junior High School. That fact makes Rhonda one of my oldest friends. Perhaps more importantly for you is the person she was and the person she became. She forged a life of generosity to others with less, and genuine faith in those who needed additional strength. Many years ago, when I had not seen her for an ion, she came up to me and hugged me and introduced me to Jerry, and described her family with real pride and happiness. Today I remember that little girl sitting on the wall which separated her front lawn from the Post Office (empty field back then.) She will be dearly missed by so many! Appreciate her in all that you do. If there is anyone who will be watching you, it will be Rhonda.

I'm so sorry for your loss. Your Wife, Mom, Grandma is lots of fun! I remember home teachers showing up with giant greeting cards made from candy bars and I always suspected it was her idea. She is so talented! My best hair day of my life was my senior prom when she styled my hair. Her leaving makes a hole in the world. I know she loved you. We love and miss her. I hope you find some comfort in knowing how far her good influence was felt.

Jerry and family, Lillian and I find words are inadequate to express our sorrow at Rhonda's passing. Our thoughts and prayers are for you and your family at this time. We will miss her. Rhonda was a lightning rod for our reunion - Joyful and helpful - organizing raids on the vendors - "shopping" sprees with the wives, being there for there our members and their wives. We are glad we got to know and love her. Howard & Lillian

I have so many great memories of Rhonda it's hard to narrow it down but I just have to say how very thoughtful she was towards others real needs. For instance, when Rhonda and I got back together after at least a decade of not staying in touch we were both living in Colorado. She lived across town from me and would come and visit me and my infant son, TJ, which I had at the late age of 40!! Rhonda knew just what I needed -- a NAP! She would drive us around Englewood while the baby and I slept peacefully without a care in the world We knew Rhonda would take good care of us!! I will miss her soooo much, Janet
