

Richard Carl Mihlfeith

April 13, 1976 ~ August 29, 2023

Deb my heart broke for you when your mom told me about Richard. I am so sorry that you have had to go through this. I'm grateful for eternal marriages. You are in my thoughts and prayers.

It was only for a few years about 15 years ago, but I took trombone lessons from Richard. I definitely wasn't his best student, but he was always great teacher and a great guy to be around. I didn't always look forward to playing trombone, but I looked forward to hanging out with Richard. I'm glad I got to know him even for a short time, and he'll be missed.

- Duncan Bagley

Richard was in my band at Highland. I remember the day he walked into class with a bass trombone bigger than about any I had ever seen --- and I play bass trombone myself! He was a joy to have in class; always ready with a big smile and a joke. I did not see him too often he graduated, but know he was active in many fields and was loved by all with whom he came into contact.

What a shock to see the smiling face of our favorite Oncology PA, while looking for my parents Obituaries. Both of whom passed just about a month apart. Deb, I am so sorry to see this. I had no idea of the trials you were going through. My parents and I just love you. A more kind, caring, compassionate person (with the neatest handwriting anywhere) would be hard to imagine. Please accept my sincerest condolences.

- Brian French

Our deepest sympathy comes your way Deb at the tender passing of your sweetheart Richard. Words are always hard to express during these times. We love this saying by Lloyd D. Newell: “Even when death touches the most tender places of our hearts, we can let God’s peace in. By replacing fear with faith and exchanging grief for gratitude, we can come to terms with this painful but temporary loss, for He who blessed us with life here also promises life hereafter.” Another great saying that we love is: Gone from our sight but never our memories. Gone from our touch but never our hearts! Sending our love to you...peace too!!

To Deb and Richards entire family and the entire Moesinger family who knew and loved Richard: I just want to say "Richard" Scott Cooper and I love you and will miss you always!" Richard was a man with great bear hugs and love. I always looked forward to seeing his great smile and getting a great big bear hug whenever we saw him and had a great lunchtime visit with him and his family each year. I think Scott and I would have enjoyed visiting more often but everyone is always really busy. I think it was harder to do after Ann died as she always could coordinate lots of scheduling with others to make the impossible happen each year for a visit. I miss her and loved her a lot. She was

very smart and special to me also. Anyhow, one of my favorite memories of Richard is how he and I would play together as children and cousins and he decided that I was worthy enough to have a loving pet dog be named after me. Sounds silly , but I felt it was very special that he would think of me to do this. Richard had a great heart and I loved his pond and gardening skills. He was very smart and I was always so proud of how much schooling he accomplished. I was so happy for him in his success in nursing and he seemed to like being an anesthesiologist. He seemed good at it as well. I was also so happy for him when he met Deb and got married. I will miss him and want Deb and the family to know of our care and sorrow for his precious loss. He was so special and loving. Our families heart goes out to all of you and our prayers for comfort and peace in his great loss! Richard Scott and I love you a lot and will never ever forget you.

- Susan L. Moesinger Cooper

Richard was such a kind and unique person. We were neighbors and friends for several years and had a lot of fun feeding his pond fish, working on his land cruiser or my truck, off-roading in the west desert, and strongman lifting. He was always so excited to talk about crazy projects and activities, like building neighboring chicken pens, helping me figure out how to put a wood stove in my truck, or the time he bought a huge rope and organized a strongman truck pull. Richard will be missed. Your family is in my thoughts.
