

Richard "Larry" Harman

December 29, 1939 ~ May 16, 2023

Larry touched many hearts with his kindness, friendship. He will be missed by those who have known him. Condolences for his family. He was a good friend.

I'm sorry to say that I haven't seen Larry only once or twice over the years at a class reunion. He was a Great guy, so kind and caring. I was his campaign manager, and helped him become our class president in 1958. That was a fun time in my life. I hope he gets a chance to see my husband Dale. They knew each other, and can share their hunting stories. RIP my friend!

I'm so sad to read that cute Larry has passed. He was a fun guy.

Dear Natalie and Mike, My husband and I drove through Torrey on the way to Capital Reef yesterday and stopped by the cemetery to say hello to our ancestors, only to find that Larry had passed away in May. I am so sorry for the loss, not only of your Dad, but your Mom, Uncle, Aunt and cousin. That's a lot of goodbyes in such a short time. The memorials are a beautiful tribute to them and the happy memories we all have while growing up in the light of their kindness and light. Lots of love to you and your families during this time of transition.
