October 20, 1952 ~ February 15, 2021

I was so sorry to hear about Richard. I know what you both have been through. We can be glad that he is not longer suffering, but for the ones who are left it is a great heartache. I send my sympathy to all of the family.

Sorenson Family, Words cannot express the sorrow that was felt when we learned of Richard’s passing. He is a great man and a wonderful storyteller. We will miss those stories. We are grateful to be part of your forever family.

I want to offer my condolences for the loss of Richard. He and I worked together for several years and I can validate he loved the hospital and the work he had done over the years helping the institution grow and support not jus the community but the making of future physicians to care for the generations to come. My thoughts and prayers go to the entire family. Andrew Burkhardt

Karen & family, I send my heartfelt condolences to all of you at this time. I am sorry for your temporary loss. My thoughts and prayers are with you that you will have peace and know that you will be with Richard again. I know Richard is a very special man with a big heart and he loved to help others like was shared at his beautiful services today. I was privlidged to get to know and work with Richard at the University Hospital for many years. I too enjoyed visiting with him about life and family. I worked off site most of the time but always enjoyed visiting with Richard whenever I would come up to the hospital. I remember he often asked if there was anything he could do to help. I enjoyed his sense of humor too. May the Lord hold you in his arms at this difficult time and bring you comfort and peace. With sincere sympathy, Kathryn Jackson
