Hi dear dear Sandy and family, We are saddened to read of Rick’s passing. It has been so long since our time together but we cherish those wonderful days. You two have blessed our life! Rick and you care so much about everyone and always made us feel so loved. You also made us laugh and have fun which we needed. Thank you for blessing our lives! We love you Lindy, Michelle and Kayley! You were the best babysitters and friends. You are beautiful and so loving and caring like your parents! Oh how we love and adore your family❣■

Although we live on different continents, the few times I was able to meet with Rick in person I was edified and felt I was in the company of a great, decent person. As an individual, he was a true Christian. Professionally he was an expert in his field, earning people's respect for his knowledge and desire to help. I feel really sad to learn he has left us so early.
