So sad to hear of Ricks passing. I knew him well back in High School and always thought he would be a great person. We played sports together and he was always a team player and very good at what he did. blessings to his Family and friends. I can see him saying, See you on the other side". Blessings to you, his Family

I went to Jr High and High school with Rick. We were good friends and he came to our cabin with friends a few times. One time we all went to the movie theater in Heber which was a very small town at the time and some local guys tried to pick a fight with the guys with us. Rick squared off to fight and they saw that he knew what he was doing so they then just asked if we all wanted to go get beers. It was pretty funny how fast they backed off. Fearless and funny was how I remember him. Condolences to the family.

My heart is heavy with the news of Ricks passing. Rick is my cousin on the Gillespie side of the family. His mother Ruth and my father Gordon were brother and sister. I have wonderful memories of our childhood running, playing and laughing in the huge field behind the Gillespie property. We and all grew up in the same neighborhood and were close and the same age, growing up in Murray was an adventure. Although we grew apart as we got older I

was happy to read his obituary and find he had such a full and happy life with family and grandchildren. He will remain in my heart and memories always. Rest in Peace my beautiful cousin Rick Duffy. Always Sandy Gillespie

Rick was such an awesome guy so this was such bumner news to hear. Most of my memories of Rick were involving Shane Quigley and me doing something dumb and then getting in trouble from Rick. Riding in the back of Shane's truck and having Rick somehow pull onto the road coincidentally right behind us. I can still picture him shaking his head at me from his Bronco 2 behind us as I laid back down in the bed of the truck wondering how mad he'd be later. Getting Shane's truck stuck in a ditch and having Rick come in the trusty Bronco 2 to pull us out. Rolling Shane's 4 wheeler and breaking his collarbone. Oops! A few other unmentionable situations no doubt. But he was always so easy on us. Gave us a lecture and then brushed it off shaking his head. Besides the headaches we gave Rick and Sandra I always remember so welcome at their house. I ate plenty of their food. Rick was always so curious about what was going on with me and always was interested in asking me questions. Made me realize he cared. I was always so impressed that he set Shane up with a legit basketball hoop in their basement. I also marveled at the brick work he did on their mailbox and backyard. What a guy.
