Please accept our condolences on the passing of your dear husband, father and grandfather. Bob was a wonderful friend & neighbor who was very kind, thoughtful and courteous. He loved the Lord, the gospel and of course his family. We loved him bearing his testimony of these truths and especially of the sacredness of this country. We will miss him but know he is now at a place where he feels no pain. We pray for the Lords blessing of comfort and strength to all of you until you are reunited with Bob.
