We are deeply saddened by uncle Bob’s passing. My father, John, fondly remembers the trips he and my mother went on with uncle Bob and aunt Thelma. We often discuss these fun times. Personally, I hold uncle Bob’s memory close as he was an inspiration to me as I pursued my engineering education. He was a loving family man that cared for his extended family, and I will always remember him for his grace. Thank you, uncle Bob. We will miss you.
