

Robert Elden Pritt

March 27, 1934 ~ September 2, 2021

Kimberly, David and Joel, We are so saddened to hear of your father’s passing, but know he and your mom are thrilled to be reunited. We love our memories of snowmobiling in West Yellowstone and visiting while relaxing in their hot tub at their Bennion home. Their zest and enthusiasm for life was always a great example to us. May you feel peace as you reflect on all your wonderful memories. Craig and Leslie Marsing

I have nothing but fond memories of my larger-than-life uncle. I loved it when we would have family get-togethers. He always made me feel taller and bigger than I was just treating me so kindly. I loved his laugh and his smile. Love you Uncle Bob! You will be missed!

- Dan Pritt

Kristy and I would like to send our condolences. I have many fond memories from learning to play pool and hot tubs. What I remember most is Robert's voice. It is hard to describe in detail, but in the way he spoke his tone would shift and the emphasis on different words always left me feeling cared about. Love you all, Steve and Kristy Pritt
