

Robert George Sutherland

October 17, 1943 ~ August 11, 2025

For me He was the man of mystery, a man of men and a true gentleman. His caring and loving nature was always top notch. I will never forget we went camping and my wife was pregnant and he stayed by her side making sure she was safe going up and down the hills to the water front while I packed all the picnic gear. He always dressed so well and smelt amazing - I remember one time I gave him a hug and I had to drive back 10 minutes to ask him what cologne he was wearing and to this day I still have a bottle of chrome. My son wears it more that I do but never the less he has made so many positive impacts on our lives, and to Myrna Sutherland and your family we may not know each other at all, I send my love, in hopes u all are doing well. I am truly saddened by the news and had no idea how he was doing and I’m sorry for that. 2022 was the last year I seen him and didn’t get to talk to him much and regret that.

- Robert Crowther

Bob Will miss your great smile, friendly company and roaring fires.

- Linda Porter

Myrna and family, we are so sad to see this. Bob was a great guy, we loved him. Great memories of our neighborhood. You and Bob were the best neighbors ever!!! Take care ❤■

- Greg and Gwen Webb Family

I am so lucky to have met you both. Listening to your stories on camping trips and fun times in Wendover on your way home. Seems like you were always on the go. My heart breaks for losing Bob. You both were always happy and so glad I got to know you. Missing you both

- Kathy

---

61 beautiful years of marriage to the most amazing women ever, who never once left his side. I'm glad that my aunts, uncles, and cousins where able to come together over him in his finale moments. I just wish we could have had made more memories.
