I'm so sorry to hear of uncle Bobs passing, my warmest thoughts and prayers with you all!!

- Eric Ruhl

I used to see Bob quite often shopping at Smith's in Bountiful. We always had fun and interesting discussions about family and work that lasted several minutes. We didn't socialize except at family reunions, but I always considered him to be a great cousin. My prayers and love to his family, Cheryl

Clearly no words can take away the sad separation you're feeling. I just want to send my love & encouragement to you & your family at this difficult time. Bob's love for his family was beautiful & carried on through his children & grandchildren. How wonderful to have sweet memories that you can turn to in the years ahead.. ♥■

Little brother, I can't believe this is happening.! I have so many, many fond memories of you. You were always good to me in spite of the ups and downs on our life's journey together. Childhood memories are vividly replayed in my memory. I remember the day Dad and Mom brought you home. What a cute baby boy! It was a special opportunity to work alongside you and the rest of our family members at Mountain States Construction. Precious memories of time spent at the cabin soothe my aching heart. I am so thankful we got to raise our children together. I will sorely miss our longwinded birthday calls. You were supposed to come retire with us riding the side by sides! This is all too surreal. I know you're in a good place and I know I will see you again. Take care, little brother. I love you forever and always.

oh my , Bob was my brother away from family, gave me my first job , lasted for 22 years , friendship from high school , as life goes on people drift a bit , but when Bob showed up at the funeral of both of my parents gave my heart joy to see him again , not just to see him again but to know he cared . I send sorrow to all the good people left behind , for he was the best man i have known . bar none . Some of you may remember the name (stretch) from long ago he gave it to me and today I still use it . we are the same age , and for all the time we live I still consider him my oldest friend . .. from Lynette to Pam and all the kids I feel your loss also. I just found out through google of his passing . trying to look him up to see how things were doing he taught me a lot in construction ,, I just retired from it . knowing that HE gave me his trust in my work has given me a life to love , .. I need to apologize to all his family for being away . his trust in me was baffling . his words of wisdom to me in through times was just do it... god bless him , he made me think for myself To Pam , Mike & Wes & I am deeply sorry , and to Karen God rest here ,, sorry to leave the family..
