I have many fond and loving memories of Robert, I was 17 the first time we met.....That motorcycle that found its way inside that little house on Cornell. The boots Natuka claimed. ...Robert was always so willing to teach his vast knowledge of mechanics to me, us or anyone who simply ask .....the 72 Ranchero we rebuilt together...so many more memories over the yrs.....fast forward 48 yrs .....suddenly you were gone....Robert was more than a brother-in-law, he was a brother, a friend, .I could count on.....Robert was a loving husband to Jackie, father to Brittney, Anil and Donovan, grandfather to Mia, Robert will be deeply missed by many. I will miss you. You will be honored today.....I will hold all the memories close to my heart for the rest of my days.
