Alex you are in our prayers.

So sorry to hear about this, all the cousins were close when we where younger, always enjoyed spending time at Uncle Bobs, with Kim and Todd, I am so shocked was just thinking of trying to reach out to him last weekend at my aunt Mavis's funeral. My dad David, Bobs brother, always would praise Todd on his work ethic and mechanical ability. Both of our sons where born about the same time and they spent time together when they were younger, I wish Kim, and Todd's son Alex all my best in this rough time.

This has saddened me so much hearing this news. I have so many fond memories growing up with you Robert (Todd) and missing you terribly. I am so sad that we lost touch over the years and after being so close when we were younger. I remember spending so much time together as a family with Grandma Dorothy and sure miss those days and everyone that has left us. Now that includes you. Too young cousin. Too young. I'll do my best to make sure your sister and son are OK and will stay in touch with them. I know she's a tough lady but losing you is taking a toll and understandable. Your family will be ok. I have huge regret from not staying in touch with you and need you to know it's just because life got busy. I always thought about you and wondered how you were doing and should have just reached out and for that I am so sorry. Just know you are deeply missed by alot of people who love you and always will. We will see each other again. I love you Todd!

Robert. Thank you for raising me and being a stable safe place in mine and my siblings life. Thank you for building me and my sister and brother beautiful rooms in your house. Thank you for never losing contact through all these years and always letting us know you loved and cared for us. You were an Angel on Earth. I love you Robert.

I'm gonna miss you Unc. I'll never forget how you were there for me when I was so gone and alone. Always there to check in on me and take me to get a burger. Crown Burger on 33rd! I wish I had gotten to see you one last time but that's how it goes. I love you Unc
